## We Now Serve All Our Soda in The New Sanitary Soda Cups!

(From the Evening Star.)  
**ADOPTS SANITARY CUPS.**

People's Drug Store to Use Them at  
Its Soda Fountain.

Sanitary drinking cups have been installed at the soda fountain of the People's drug store, Seventh street and Massachusetts avenue. Every drink is to be served in a fresh, clean, sanitary cup in the effort to protect most fully the health of the public.

The management of the store in installing the new cup is acting on the suggestion of Dr. Woodward, District health officer, who recently declared that all drinks sold at soda fountains should be dispensed in sanitary drinking cups.

With characteristic enterprise we are the first to inaugurate this new service, an innovation that will be welcomed by everybody.

It is our constant aim to improve our service and make this Washington's most up-to-date drug store; hence the adoption of this latest sanitary feature at our Soda Fountain.

We are gratified to learn that already other stores are following our example in this sanitary measure for the benefit and health of the public. Our efforts have been PERSONALLY endorsed by District health officer.

The Sanitary Soda Cup is made of pure white sterilized paper. Every drink is served in a fresh, clean, sanitary cup, never before or afterward used.

This Sanitary Cup overcomes all insanitary possibilities that exist in serving soda in ordinary glasses used over and over again by the public.
